

SHRINE 3.2.1 Chapter 14 - Verifying SHRINE Operation

After installing and configuring SHRINE, you can verify the installation by navigating to each application's login page and signing in.

- **Clear the browser cache**
- Navigate to the SHRINE Webclient - the url should be in the form of https://your_shrine_url:6443/shrine-api/shrine-webclient/ . This will be the application you use most often. Log in, construct, and run a query. Do this to test that the term index files are correct, and to test out the full flow through the system.

The image shows the login page for 'The SHRINE Network'. The header is a dark blue bar with the network logo on the left and the text 'The SHRINE Network' and 'Powered by the NCATS CTSa Program' on the right. The main content area is white and contains a 'Sign in' heading. Below the heading are two input fields: 'Username' and 'Password'. The 'Username' field has a cursor in it. Below the password field is a blue 'SIGN IN' button.

- The SHRINE Data Steward - the url should be in the form of https://your_shrine_url:6443/shrine-api/shrine-steward/ . Log in as the data steward to observe what your researchers are doing.

The image shows the login page for 'SHRINE DATA STEWARD'. The header is a light blue bar with the text 'SHRINE DATA STEWARD' on the left. The main content area is white and contains a login form. The form has two input fields: 'Username*' and 'Password*'. Both fields have a blue border and a small 'Required Field' label to their right. Below the password field is a large grey arrow pointing right. At the bottom of the page is a dark blue bar with the Harvard Catalyst logo on the left.
