

net.shrine.adapter.CRCResultsErrorWithNoProblem

Summary

The CRC reported an error, but not enough information to interpret the error.

Explanation

There could be a myriad of reasons for this, most all of which fall under the domain of i2b2. The CRC error available in the adapter's log may provide some useful information.

Resolution

If you are a user or an admin, send the admin at the reporting adapter all the details about this problem.
